

The New 324D L Excavator

Specifications

- Engine - CAT C7 with ACERT Technology
- Net Power 188hp (140kW)
- Operating Weight: 54,660 lb (24,790 kg)
- U.S. EPA Tier III Certified
- Shipping Height: 10' 5"
- Shipping Length: 33'
- Tail Swing Radius: 9' 10"

The New 324D L Hydraulic Excavator incorporates innovations for improved performance and versatility. Increased work tool options, improved cycle times, and the ease of operation leads to increased productivity and lower operating costs. With new ACERT Technology, the CAT C7 engine gives the 324D L exceptional power and fuel efficiency. It's unmatched in the industry for consistent high performance in all applications.

Features

- Off-Track Maintenance
- 12' BTI Undercutter Bar
- DYMAX Hydraulic Assembly
- Hydraulic Quick Coupler
- LCD Monitor
- Air Suspension Seat
- Tool Control System
- Vandalism Guards
- High Ambient Cooling Capacity
- Air Conditioning
- Machine Security System
- Optional Buckets
